MY SKILLS

Frontend: React, TypeScript, JavaScript (ES6+), HTML, CSS (Tailwind, SASS), Next.js, D3.js

Backend: Node.js, Express.js, Python (Flask, Django, Pandas), Odoo (ERP), Java (Spring Boot), C# (.NET Core)

DevOps & Tools: Docker, Kubernetes, Git, OpenShift, Agile/Scrum, CI/CD pipelines

Databases: PostgreSQL, MySQL, NoSQL

Testing: Jest, Cypress

LANGUAGES

Arabic ●●●●●   Turkish ●●●●○

English ●●●●●   Spanish ●●○○○

CERTIFICATES

Toefl iBT (2014)   Amideast Beirut

Python for Data Science   Cognitive Class IBM

Full-Stack JavaScript   (IBM/Coursera)

- Developing Front-End Apps with React
- Developing Back-End Apps with Node.js and Express
- Introduction to Containers with Docker, Kubernetes & OpenShift
- Get Started with Cloud Native, DevOps, Agile, and NoSQL

EDUCATION

Computer Engineering   2015 - 2022

Middle East Technical University - Northern Cyprus Campus

EXPERIENCE

Assistant Officer, Student Satisfaction Office

**Middle East Technical University -
Northern Cyprus Campus**   **2018 - 2020**

- Supported onboarding of international students and facilitated orientation processes

Frontend Developer

Gorunum Tasarim (Internship)   **2021**

- Assisted in designing and debugging client websites using HTML, CSS, and JavaScript frameworks; gained hands-on experience with frontend practices and responsive design.

Engineering Tutor

Creative Group (Freelance)   **2023–2024**

- Providing tailored instruction across diverse engineering subjects, with a particular emphasis on computer engineering

AI Specialist

PH. Vision   **2023–2024**

- Conducted research and prototyping of AI models for strategic product development

Odoo Development Training

EB Tech   **2024**

- Completed an 8-week training covering module development, backend logic, and UI customization
- Worked on real-world use cases involving Python and XML for ERP solutions

Mastering Advanced Cost Accounting in Odoo 18

EB Tech   **2025**

- Covered advanced cost accounting topics in Odoo 18, including analytic accounting, landed costs, and inventory valuation through practical configuration exercises.

Logistics coordinator

Results (Riva Fashion)   **2024-present**

- Coordinated shipment schedules and ensured timely delivery of goods across multiple regions
- Streamlined logistics workflows to reduce delays and optimize inventory flow
